

CALL FOR PAPERS

7th International Conference on Reliable Software Technologies - Ada-Europe 2002

17 - 21 June 2002, Vienna, Austria
<http://www.ada-europe.org/conference2002.html>

Conference Chair

Gerhard H. Schildt
Technical University Vienna
Dept. of Computer-Aided Automation
Treitlstr. 1-3
A-1040 Vienna, Austria
Schildt@auto.tuwien.ac.at

Program Co-Chairs

Johann Blieberger
Technical University Vienna
Dept. of Computer-Aided Automation
Blieberger@auto.tuwien.ac.at

Alfred Strohmeier
Swiss Fed. Inst. of Technology Lausanne
Software Engineering Lab
CH-1015 Lausanne EPFL, Switzerland
Alfred.Strohmeier@epfl.ch

Tutorial Chair

Helge Hagenauer
University of Salzburg
Dept. Comp. Science & Sys. Analysis
hagenau@cosy.sbg.ac.at

Exhibition Chair

Thomas Gruber
Austrian Research Centers Seibersdorf
Phone +43-5-0550-4106
Fax +43-5-0550-4199
thomas.gruber@arcs.ac.at

Publicity Chair

Dirk Craeynest
OFFIS nv/sa & K.U.Leuven
Weveldlaan 41/32
B-1930 Zaventem, Belgium
Dirk.Craeynest@cs.kuleuven.ac.be

Local Organization Chair

Bernd Burgstaller
Technical University Vienna
Dept. of Computer-Aided Automation
Treitlstr. 1-3
A-1040 Vienna, Austria
Burgstaller@auto.tuwien.ac.at

In cooperation
with

SIGAda

TECHNISCHE UNIVERSITÄT WIEN

General Information

The 7th International Conference on Reliable Software Technologies (Ada-Europe 2002) will take place in the year 2002 in Vienna, Austria. The full conference will comprise a three-day technical program and exhibition from Tuesday to Thursday, and parallel workshops and tutorials on Monday and Friday.

Schedule

31 October 2001	Submission of papers, extended abstracts and proposals for tutorials and workshops
10 January 2002	Notification to authors
10 February 2002	Full papers required for accepted extended abstracts
10 March 2002	Final papers (camera-ready) required
17-21 June 2002	Conference

Topics

The conference will provide an international forum for researchers, developers and users of reliable software technologies. Presentations and discussions will cover applied and theoretical work currently conducted to support the development and maintenance of software systems. Participants will include practitioners and researchers from industry, academia and government. There will be a special session on embedded systems, including the use of Ada in this realm.

For papers, tutorials, and workshop proposals, the topics of interest include, but are not limited to:

- **Embedded Systems** (special session).
- **Management of Software Development and Maintenance:** Methods, Techniques and Tools.
- **Software Quality:** Quality Management and Assurance, Risk Analysis, Program Analysis, Verification, Validation, Testing of Software Systems.
- **Software Development Methods and Techniques:** Requirements Engineering, Object-Oriented Technologies, Formal Methods, Software Management Issues, Re-engineering and Reverse Engineering, Reuse.
- **Software Architectures:** Patterns for Software Design and Composition, Frameworks, Architecture-Centered Development, Component and Class Libraries, Component Design.
- **Tools:** CASE Tools, Software Development Environments, Compilers, Browsers, Debuggers.
- **Kinds of Systems:** Real-Time Systems, Distributed Systems, Fault-Tolerant Systems, Information Systems, Safety-Critical and Secure Systems.
- **Applications** in Multimedia and Communications, Manufacturing, Robotics, Avionics, Space, Health Care, Transportation, Industry.
- **Ada Language and Tools:** Programming Techniques, Object-Oriented Programming, New Approaches in Tool Support, Bindings and Libraries, Evaluation and Comparison of Languages, Language Extension Proposals.
- **Ada Experience Reports:** Experience Reports from Projects using Ada, Management Approaches, Metrics, Comparisons with past or parallel Experiences in non-Ada Projects.
- **Education and Training.**
- **Case Studies and Experiments.**

Program Committee

Ángel Álvarez, Technical University of Madrid, Spain
Lars Asplund, Uppsala University, Sweden
Neil Audsley, University of York, UK
Stéphane Barbey, Paranor AG, Switzerland
John Barnes, UK
Guillem Bernat, University of York, UK
Maarten Boasson, University of Amsterdam, the Netherlands
Ben Brosgol, Ada Core Technologies, USA
Bernd Burgstaller, Technical University Vienna, Austria
Ulf Cederling, Växjö University, Sweden
Roderick Chapman, Praxis Critical Systems Limited, UK
Paolo Coppola, INTECS HRT, Italy
Dirk Craeynest, OFFIS nv/sa & K.U.Leuven, Belgium
Alfons Crespo, Universidad Politécnica de Valencia, Spain
Peter Dencker, Aonix GmbH, Germany
Raymond Devillers, Université Libre de Bruxelles, Belgium
Brian Dobbing, Praxis Critical Systems Limited, UK
Wolfgang Gellerich, IBM, Germany
Jesús M. González-Barahona, Universidad Rey Juan Carlos, Spain
Michael González Harbour, Universidad de Cantabria, Spain
Helge Hagenauer, University of Salzburg, Austria
Andrew Hately, Eurocontrol, Belgium
Günter Hommel, Technische Universität Berlin, Germany
Jan van Katwijk, Delft University of Technology, the Netherlands
Hubert B. Keller, Forschungszentrum Karlsruhe, Germany
Yvon Kermarrec, ENST Bretagne, France
Jörg Kienzle, Swiss Fed. Inst. of Technology Lausanne, Switzerland
Fabrice Kordon, Université P. & M. Curie, France
Albert Llamosi, Universitat de les Illes Balears, Spain
Kristina Lundqvist, MIT, USA
Franco Mazzanti, Ist. di Elaborazione della Informazione, Italy
John W. McCormick, University of Northern Iowa, USA
Pierre Morere, Aonix, France
Laurent Pautet, ENST Paris University, France
Erhard Plödereder, University of Stuttgart, Germany
Juan A. de la Puente, Universidad Politécnica de Madrid, Spain
Gerhard Rabe, TÜV Nord e.V., Hamburg, Germany
Jean-Marie Rigaud, Université Paul Sabatier, France
Alexander Romanovsky, University of Newcastle, UK
Jean-Pierre Rosen, Adalog, France
Bo I. Sandén, Colorado Technical University, USA
Gerhard H. Schildt, Technical University Vienna, Austria
Bernhard Scholz, Technical University Vienna, Austria
Edmond Schonberg, New York University & ACT, USA
Tullio Vardanega, European Space Research and Technology Center, the Netherlands
Stef Van Vlierberghe, Eurocontrol CFMU, Belgium
Andy Wellings, University of York, UK
Ian Wild, Eurocontrol CFMU, Belgium
Jürgen Winkler, Friedrich-Schiller-Universität, Germany
Thomas Wolf, Paranor AG, Switzerland

19 Sept. 2001, BLIEB/AS, 10/Letter

Submissions

Authors are invited to submit original contributions. Submissions should be in English. An extended abstract (4-6 pages) or, preferably, the full paper (up to 12 pages) should be sent using the Web submission form. For more information please see the conference Web page. Submissions should be in PDF, Postscript or ASCII format, and follow the LNCS instructions (see 'Proceedings' below). Submissions by other electronic formats, such as a word processor source file, or by fax are not accepted. The Web submission form is the preferred procedure. However, if you don't have access to the Internet, or you don't have an appropriate Web browser, you may send your extended abstract or paper by e-mail to the Program Co-Chair Johann Blieberger. If electronic submission is not available, please send five paper copies. For e-mail or paper submissions, the body of the electronic message or the first page should identify the submission as a paper or extended abstract, and should include in plain text: the title; name, current affiliation, postal address, e-mail address, telephone and fax of each author; the name of the designated contact person; a short abstract; and a list of keywords ordered by relevance, including, whenever possible, topics and subtopics taken from the list of topics of the conference. If the paper is submitted in Postscript, please be sure to select the option "optimize for portability" in your printer driver. To enable publication of the accepted papers before the conference, strict adherence to the dates of the schedule is essential. Authors of extended abstracts must be prepared to submit a full version of their paper before February 10, 2002.

Proceedings

The proceedings will be published in the Lecture Notes in Computer Science (LNCS) series by Springer Verlag, and will be available at the start of the conference. See the LNCS Authors Instructions page for guidelines (<http://www.springer.de/comp/lncs/authors.html>).

Awards

There will be honorary awards for the best paper and the best presentation.

Call for Tutorials

A tutorial should address any of the topics of the theme of the conference. A tutorial will last a half or full day. The proposals should include a title, an abstract, a description of the topic, a detailed outline of the presentation, a description of the presenter's teaching experience in general and with the proposed topic, duration (half day or full day), level of the tutorial (introductory, intermediate, or advanced), expected audience experience and background. Proposals should be submitted by e-mail to the Tutorial Chair.

Call for Workshops

Half- and full-day workshops can be held to address timely issues or to initiate a longer term effort on a topic of interest. Proposals should be submitted by e-mail to the Program Co-Chair Alfred Strohmeier.

Exhibition

The conference will be accompanied by a three-day commercial exhibition on June 18, 19 and 20. Vendors of software products and services should contact the Exhibition Chair at their earliest convenience for further information and to ensure their inclusion.
